

INDIA BUDGET 2019

With Best Compliments From:

SUSHIL LAKHANI
Chartered Accountant

FOREWORD.....

Smt. Nirmala Sitharaman, India's first full-time woman Finance Minister presented her first Budget on 05th July 2019.

While pointing out that the size of the Indian economy had increased from \$1.85 trillion to \$2.7 trillion in the last 5 years, she set the target of taking it to \$5 trillion in a "few" years.

The thrust of her proposed measures are:

- ❖ Investment in development of social and physical infrastructure especially in rural areas.
- ❖ Incentivising "start-ups".
- ❖ Incentivising "affordable housing" and "electrical vehicle manufacturing".
- ❖ Investment in "skill development".
- ❖ Structural reform of labour laws.
- ❖ Extension of social security in the form of pension to thirty million small retail traders.
- ❖ Providing financial support to MSMEs.
- ❖ Providing tax incentives to units set up in International Finance Centre (Giftcity) with a view to attract FDI.
- ❖ Providing boost to revving up credit by PSU banks and NBFC's by injecting

fresh capital in PSU Banks & providing government guarantees.

- ❖ India to tap for the first time foreign markets for borrowings.
- ❖ Continued fiscal consolidation by maintaining fiscal deficit at 3.3% of GDP for 2019-20.

The dampeners of the budget proposal were:

- ❖ Increase in the tax rates on the super-rich by up to 7%.
- ❖ Increased cess on petrol and diesel by Rs. 2 per litre.
- ❖ Listed companies to pay tax on buy-back of their shares.
- ❖ Increased import duties on certain consumer durables.

Having regard to the concerns raised in few reports over the slowdown of the economy, increasing unemployment and a very challenging global business environment, one felt that the Budget could have done a lot more to provide the much needed push to the economy and the corporates.
